(Day of the week shown in brackets)

How to use this table:

Build each phase of your own Educational Pathway in 3 easy steps			
	You and Your PDP	Actions	Example
Step 1	What level are you?	Find your grade in the left hand column	You are an aspiring or newly appointed Consultant
Step 2	What particular roles or interests do you have?	Look across your row to find the most suitable course(s) for you in the appropriate column, and book these first	Attend the New Consultant Essentials course, Supervisor TTT course, Leadership Clinic and Getting Started in Research course
Step 3	How else do you need to develop your professional capabilities?	Consider other courses in your row or courses at a higher level to support your professional development, and book these for later in the year or next year	As a newly appointed College Tutor, attend the College Tutor Induction and after a few years, aim to attend the Advanced Trainers & Educators course

PDP=Personal Development Plan

Book the courses you would like to attend: www.rcophth.ac.uk/events-and-courses/
