

Can an ARCP panel be convened which meets the minimum COVID-19 panel requirements?

Has trainee achieved all the required competencies, examinations and experience for this year of training?

Record as 'No ARCP' with N13 code.
 COVID-19 is recorded as 'other reason' for No ARCP. Trainee can progress to the next stage of training. An early ARCP should be planned.

Were there pre-existing significant concerns about the clinical capability/fitness to practise/revalidation of the trainee? E.g. previous Outcome 2 or 3.

Has COVID-19 contributed to a delay in the acquisition of mandatory capabilities?

Has COVID-19 contributed to a delay in the acquisition of mandatory capabilities?

Award outcome using existing ARCP outcomes. (GG8: 4.91)

Is trainee at the end of ST7 OR is trainee about to embark on a TSC where a 'Training Recovery Plan' cannot be assured?

Award outcome using existing ARCP outcomes. (GG8: 4.91)

Award outcome 10.1
 Document nature of disruption using as many C codes as are applicable. Trainee can progress to next stage of training. Record a thorough Action Plan.

Award outcome 10.2
 Document nature of disruption using as many C codes as are applicable. Additional training time is required before progression or completion of training. Record a thorough Action Plan.
