Community Ophthalmology (xii)	<p>Understand the role of a Community Ophthalmology Service.</p> <p>Communicate and deliver feedback to referrers and patients to support integrated care.</p>	<p>Be aware of common public health issues and requirements specific to ophthalmology. ^a</p> <p>Understand the environmental impact of eye health care. ^a</p>	<p>Understand the provision of community ophthalmology and screening programmes.</p> <p>Understand the epidemiology of eye disease and visual impairment and public health approaches to blindness prevention.</p> <p>Understand the role of commissioning in eye health care.</p>	<p>Demonstrate advanced skills necessary to assess the eye health needs of a population and analyse local priorities. ^{a, b}</p> <p>Evaluate design and delivery of care pathways. ^{a, b}</p> <p>Demonstrate skills to assess and assure high quality outcomes in Community Ophthalmology Services. ^{a, b}</p> <p>Be an effective clinical leader, supervisor and trainer of the multi-disciplinary team. ^{a, b, c}</p>
Assessment	<p>a. EPA L1</p> <p>b. Part 1 FRCOphth</p> <p>c. Multi-source Feedback</p> <p>d. Multi Assessor Report</p>	<p>a. EPA L2</p>	<p>EPA L3 Community Ophthalmology</p> <p>Part 2 FRCOphth</p>	<p>a. EPA L4 Community Ophthalmology</p> <p>b. Multi Assessor Report</p> <p>c. Multi-source Feedback</p>

<i>Health Promotion</i>				
	<p>Provide appropriate lifestyle advice.</p> <p>Adopt local and national guidelines of prevention of infection.</p> <p>Advise appropriately about the systemic side- effects of drugs.</p> <p>Know the principles of screening.</p> <p>Use and promote means of eye injury protection.</p>	<p>Be aware and respect the impact of social, economic, cultural and religious factors on health.</p> <p>Have detailed knowledge of National Screening Programmes especially with reference to Ophthalmic diseases.</p>	<p>Demonstrate leadership in the promotion of eye and general health in the wider community.</p> <p>Promote immunisation.</p>	<p>Develop special interest area specific guidance for health promotion.</p> <p>Be an effective supervisor and leader in the area of health promotion.</p>
Assessment	Generic Skills Assessment Tool	Generic Skills Assessment Tool	Generic Skills Assessment Tool	Generic Skills Assessment Tool
<i>Leadership and Team Working</i>				
	<p>Know about leadership competencies in the nine behavioural dimensions as defined by the NHS Leadership Academy: inspiring shared purpose; leading with care; evaluating information; connecting our service; sharing the vision; engaging the team; holding to account; developing capability; influencing the results.</p> <p>Know the principles of leadership and identify areas for own development.</p>	<p>Document and evidence leadership behaviours.</p> <p>Practice within a multidisciplinary team including to develop leadership projects.</p>	<p>Demonstrate the authority, capacity and motivation to implement change.</p> <p>Design own projects related to leadership and management and management with outcomes predetermined to reflect on success.</p>	<p>Critically evaluate own skills in leadership, with particular reference to the quality of patient care.</p> <p>Promote service improvement through: quality; innovation; productivity and prevention (QIPP); supervision of the multidisciplinary team; effective management of incidents and complaints.</p>
Assessment	Generic Skills Assessment Tool	Generic Skills Assessment Tool	Generic Skills Assessment Tool	Generic Skills Assessment Tool

<i>Patient Safety and Quality Improvement</i>				
	<p>Know the principles, recognise the contribution to improved practice, and take part in clinical governance, audit and quality improvement activities.</p> <p>Identify appropriate information from a variety of data sources.</p>	<p>Apply clear and appropriate clinical reasoning to make safe decisions.</p> <p>Practice in line with latest evidence.</p> <p>Maintain appropriate audits of practice.</p> <p>Apply quality improvement methods.</p>	<p>Design and implement quality improvement programmes to improve clinical effectiveness, patient safety and patient experience.</p> <p>Analyse and critique published research.</p>	<p>Share improved practice with others and be able to justify changes made.</p> <p>Critically evaluate own skills in quality improvement.</p> <p>Promote clinical governance and quality improvement in the wider organisation / NHS.</p>
Assessment	Generic Skills Assessment Tool	Generic Skills Assessment Tool	Generic Skills Assessment Tool	Generic Skills Assessment Tool
<i>Safeguarding and Holistic Patient Care</i>				
	<p>Understand and promote professional responsibility of safeguarding.</p> <p>Demonstrate familiarity with local safeguarding procedures and contacts.</p> <p>Demonstrate awareness of possibility of non-accidental injury in vulnerable patients.</p> <p>Document safeguarding concerns accurately and refers to senior staff.</p>	<p>Recognise where specialised management techniques may be necessary for those with special needs.</p>	<p>Take responsibility for safeguarding of children and vulnerable adults, referring and taking appropriate action.</p> <p>Apply mental capacity legislation in clinical practice.</p> <p>Apply appropriate equality and diversity legislation in clinical practice.</p>	<p>Critically evaluate personal and wider organisational responses to safeguarding issues.</p> <p>Supervise and support other professionals with regard to safeguarding.</p> <p>Demonstrate effective specialised management techniques for those with special needs.</p>
Assessment	Generic Skills Assessment Tool	Generic Skills Assessment Tool	Generic Skills Assessment Tool	Generic Skills Assessment Tool
<i>Education and Training</i>				

	<p>Ensure patient safety is paramount in all training and learning events.</p> <p>Actively participate in own induction and training.</p> <p>Deliver teaching activities under guidance.</p> <p>Deliver patient education.</p>	<p>Plan and provide education and training activities for medical trainees and other professionals.</p> <p>Give constructive feedback on learning activities.</p>	<p>Create learning opportunities for others.</p> <p>Provide objective assessment.</p> <p>Solicit and respond to feedback on teaching, supervision and assessment activities.</p>	<p>Demonstrate readiness to act as a clinical and educational trainer.</p> <p>Balance service and training needs.</p> <p>Be able to identify and support a trainee experiencing difficulty.</p>
Assessment	Generic Skills Assessment Tool	Generic Skills Assessment Tool	Generic Skills Assessment Tool	Generic Skills Assessment Tool
Research and Scholarship				
	<p>Adopt an evidence-based approach to clinical practice.</p> <p>Critically appraise existing published research.</p> <p>Understand research and deliver oral presentations.</p>	<p>Implement an evidence-based approach to shared decision making and enhancing patient outcomes.</p> <p>Demonstrate competencies for commencing clinical research.</p> <p>Understand research, deliver poster presentations and improve oral presenting.</p>	<p>Implement service improvement by revision and development of guidelines, treatments and practical procedures using current clinical research and contemporary evidence.</p> <p>Lead research / teaching sessions and critically appraise oral presentations.</p>	<p>Understand the principles of research methods, research governance, application of ethics to research and the translation of research into practice.</p> <p>Promote innovation in ophthalmology.</p>
