1 Summary

The written paper of this sitting of the Part 2 Fellowship in Ophthalmology (FRCOphth) examination was held in December 2024.

The reliability of this exam was 0.802, and the percentage of questions with a satisfactory / good item discrimination (≥ 0.20) was 33.9%. There were three questions removed from the exam paper, with 177 questions remaining.

As per the established process, the standard for the exam was set by adding 1 standard error of measurement to the raw pass mark established by the Ebel method, resulting in a rounded pass mark of 116 out of 177.

The pass rate for the examination was 79.3%.

13 candidates met the raw Ebel mark (62.7%) but fell below the final pass mark of Ebel + 1SEm (65.5%). Therefore, without the application of the SEm, an additional 8% of candidates would have passed the exam. The addition of the SEm to the pass mark adds protection against 'false positive' results.

2 The candidates

169 candidates sat and completed the examination.

3 The written paper

The written part of the part 2 FRCOphth examination consists of a multiple-choice question paper, which is administered in two parts. Candidates must pass the written paper to be allowed to sit the clinical part of the examination.

As part of the quality management of the College's assessment process, the written papers are reviewed by the senior examiner after marking, but before the results are known. The Part 2 FRCOphth subcommittee reviews all of the questions with a low item discrimination and facility.

This exam diet, three questions were removed from the examination papers as a result of this review.

Table 1: *The MCQ paper blueprint*

Topic	Sub-topic	Number of Questions
Basic Science	Anatomy and physiology	2
	Genetics	3
	Optics and laser	1
	Pathology and microbiology	2
	Sub-total	8
Clinical Ophthalmology	Cataract and lens	10
	Cornea and external eye	20
	Glaucoma	9
	Medicine	10
	Neurology and pupils	16
	Oculoplastics and orbit	10
	Paediatrics	8
	Retina	20
	Strabismus and motility	8
	Trauma	4
	Uveitis and Oncology	12
	Sub-total	127
Investigations	Neuro-imaging	4
	Ophthalmic	7
	Orthoptics	2
	Other/general	1
	Sub-total	14
Miscellaneous	Economics	1
	Ethics and driving	4
	Guidelines and standards	4
	Nutrition	1
	Research and EBM	3
	Statistics and epidemiology	3
	Sub-total	16
Pharmacology and therapeutics	Pharmacology and therapeutics	12
	Sub-total	12
	Grand Total	177

4 Results

Table 2: *MCQ statistics*

Statistic	Value	Percentage
Mean score:	124.1 / 177	70.1%
Median score:	127 / 177	71.8%
Standard deviation:	11.8	6.6%
Candidates:	169	
Reliability:	0.802	
Standard error of measurement (SEM):	5.23	3.0%
Range of marks:	90 - 149	50.8% - 84.2%
Pass mark derived from standard setting:	111 / 177	62.7%
Pass mark + 1 SEM (rounded):	116 / 177	65.5%
Pass rate:	134 / 169	79.3%

Figure 1: *Distribution of scores (red dotted line denotes pass mark)*

4.1 Analysis of questions

Item analysis data allows us to identify easy, moderate, and difficult questions (Facility values), and those which are good, poor, or negative discriminators (Point Biserial values). Optimally, the majority of questions should be of moderate difficulty, and satisfactory or good discriminators.

Table 3: *Discrimination against facility value*

Discrimination	Facility Value				
		Low (<25% correct)	Moderate (≥25% - <75% correct)	High (≥75% correct)	Total
	Negative	4	11	6	21
	Poor (0-0.19)	5	42	49	96
	Satisfactory/Good (≥0.20)	0	24	36	60
	Total	9	77	91	177

4.2 Standard setting for multiple choice questions (MCQ) paper (Ebel method)

Table 4: *Classification of the questions*

	Difficult	Moderate	Easy	Total
Essential	2	30	58	90
Important	7	8	44	59
Supplementary	4	8	16	28
Total	13	46	118	177

Table 5: *Expected percentage correct by borderline candidates*

	Difficult	Moderate	Easy
Essential	0.6	0.7	0.8
Important	0.5	0.55	0.6
Supplementary	0.25	0.3	0.3

Table 6: *Weighted score*

	Difficult	Moderate	Easy	Total
Essential	1.2	21	46.4	68.6
Important	3.5	4.4	26.4	34.3
Supplementary	1	2.4	4.8	8.2
Total	5.7	27.8	77.6	111.1

SEM:	5.23
MCQ pass mark (Ebel + 1 SEM):	116 (rounded)
