

Wednesday 20 May 14.30 – 16.00 Interactive Ocular Oncology Cases Quiz

In this live, interactive case-based quiz, ocular oncologists from around the UK will match their wits against one another and against the audience.

Each national centre (Sheffield, London, Liverpool and Glasgow) will bring a selection of real-life cases with state-of-the-art imaging and clinical vignettes. The cases will cover the breadth of ocular oncology presentations, including uveal melanoma, metastases, vascular tumours, lymphomas, ocular surface neoplasms, and their differential diagnoses.

Speakers (and contestants):

Sheffield - Hibba Quhill

London - Gordon Hay

Liverpool - Rumana Hussain

Glasgow - Vikas Chadha
